ENGINE

HIGH MILEAGE SHIELD

Premium grade high mileage engine treatment which boosts the stability, viscosity, and film strength of the engine oil. For engines with high mileage, it is important to preserve and protect the load-bearing surfaces, and does just that. The top-tier friction modifier boosts lubrication protection for smoother operation. It helps increase engine compression and power by increasing oil viscosity. Helps keep oil from oxidizing, protects vital engine parts from corrosive damage, and helps seal rings to increase compression and reduce blow-by.

FEATURES AND BENEFITS:

- Boosts engine lubrication
- Provides extra protection to partially worn surfaces
- Improves oil viscosity
- Reduces engine friction and wear
- Provides extra protection for heavily loaded engines
- Compatible with all types of motor oils
- No environmentally harmful dyes

Directions: Add one bottle with new oil at each oil change Treats up to 6 quarts.

SPECIFICATIONS:

Product No.: PS7603
Net Weight: 11oz (325 mL)
Case Quantity: 24 each
