

A/C Lube & Dye lubricants and conditions system components, reducing wear and noise in the system while helping to extend the life of the vehicle's compressor. Contains a Dye to detect any leaks.

FEATURES AND BENEFITS:

- Compatible with R134A & R134YF
- Lubricates System to Reduce Noise
- Detects AC System Leaks
- Extends Compressor Life

Directions: Never use the UV light without wearing the UV glasses! Follow instructions for equipment use. It is important to eliminate any air in the hose before injecting dye into the A/C system. Turn the A/C system and engine off! Connect injector to the low side service port of A/C system. Hold body of injector. Turn handle clockwise to inject application of dye. Disconnect injector from the system and clean any excess dye left around the service port.

SPECIFICATIONS:

Product No.: PS1005

Net Weight: 1.5oz (44 mL)

Case Quantity: 24 each
