

Dynamic Diesel Extreme I&E Clean Up is designed to remove carbon deposits from the EGR and Induction System. Our advanced formula reduces regeneration cycles, lowers emissions and restores combustion efficiency. Our Dynamic Diesel Extreme I&E Clean Up will remove deposits on the intake and exhaust sides of the EGR system without having to tear down the engine.

FEATURES AND BENEFITS:

- Cleans Deposits From EGR & Induction System
- Cleans DPF & Reduces Regen Cycles
- Lowers Emissions & Black Smoke
- Improved Fuel Economy & Engine Performance

Directions: Use Induction & EGR Cleaning Service Tool Operation Instructions Diesel engines only. For routine cleaning, apply 1 quart (946 mL) to the exhaust side and 1 quart (946 mL) to the induction side of the EGR system. For extreme cleaning, apply 2 quarts (1.9 L) to the exhaust side and 2 quarts (1.9 L) to the induction side of the EGR system.

SPECIFICATIONS:

Product No.: PS54083

Net Weight: 32oz (946 mL)

Case Quantity: 12 each
