

Professional Series Synthetic Manual Transmission 75W-80 is a premium full synthetic lubricant formulated for use in manual transmissions, axles, transfer cases and final drives. Combining high-quality base stocks with a robust additive system, the Synthetic Manual Transmission 75W-80 provides superior protection for manual transmissions even under the most severe service conditions. The Professional Series Synthetic Manual Transmission 75W-80 provides fuel efficiency, protection against wear, oxidation control, and resistance from rust and corrosion. It is recommended for use where a 75W-80 transmission oil is required.

Benefits

- Extended Drain Capable
- Extreme High & Low Temperature Performance
- Excellent Wear Protection
- Non-Foaming
- Smoother Shifts
- Wide Seal Compatibility
- Protects Yellow Metals Used in Synchronizers

TYPICAL PHYSICAL AND CHEMICAL PROPERTIES

Viscosity Grade:	75W-80
Density, kg/m ³ :	0.8571
Kinematic Viscosity @100°C, cSt:	9.2
Kinematic Viscosity @40°C, cSt:	50.5
Viscosity Index:	165
Brookfield Viscosity, cP @ (-40°C):	24,000
Flash Point, °C (°F):	205 °C (401 °F)
Pour Point, °C (°F):	-54 °C (-65 °F)

Typical values are listed.

Variations not affecting the performance of this fluid may occur during production; however, these variations will not fall outside of set specification parameters.

SPECIFICATIONS:

Product No.: PS65056
Net Weight: 64oz (1.89 L)
Case Quantity: 6 each

TRANSMISSION

Synthetic Transfer Case / Manual Transmission Fluid

PERFORMANCE APPLICATION CHART

API GL-4, GL-3	
BMW/MINI	83 22 2 344589, 83 22 0 140 51
CHRYSLER	MS-9224, MS-9417, 05179014AA, 4874465
FORD	XT-M5-QS, M2C-186
GM	10-4006, 10-4014, 10-4017, SYNCHROMESH TRANSMISSIONS, 1042931, 9985648, BOT 0063, MTF 0063, AUTO=TRAK II, 12377916, 21018899
