

A blend of lubricants, dispersants, and detergents to increase performance by reducing friction and wear. Helps prevent sludge buildup. Lubricates internal parts to create a low-friction surface. This reduction in friction can protect new engines during break-in, and start-ups.

FEATURES AND BENEFITS:

- Designed for use in Conventional and Synthetic Oils
- Provides Extra Protection Against Oxidation
- Reduces Friction and Premature Wear
- Conditions O-Rings and Seals

Directions: Add one bottle with new oil at each oil change. Treats up to 6 quarts.

SPECIFICATIONS:

Product No.: PS7609

Net Weight: 8oz (236mL)

Case Quantity: 24 each
